

Smart Supply Chain with AP Automation

Dear Colleagues,

We are excited to introduce an integrated approach to Supply Chain Accounts Payable Automation, Procurement, and Supplier Collaboration through the Supply Chain Hub (SCH).

What is SCH?

- Centralized Supply Chain Platform
 - Automated Workflows & Approvals
- Supplier Collaboration Hub
 - Compliance & Audit Ready

Advantages

Before Implementaion

- ▶ Manual processes and emails
- ▶ Limited visibility on supplier status
- ▶ Fragmented systems and data
- ▶ Delays in approvals and processing
- ▶ Dependency on manual coordination

After Implementation

- ▶ Fully digital and integrated workflows
- ▶ Real-time tracking and transparency
- ▶ Centralized supplier management
- ▶ Faster approvals and processing
- ▶ Improved compliance

Core Modules & Functionalities

Partner Management

- Supplier Onboarding
- Vendor Data Management
- Workflow-Based Approvals
- Supplier Classification
- Audit & Compliance Tracking

Material Procurement
